Dear Sir/ Madam

Sub: Schedule for Conference Call

In compliance with regulation 30 read with schedule III, of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you that a virtual conference call was hosted by Elara Capital on Friday, June 11, 2021 and was attended by the Company.

A copy of presentation is enclosed for your reference.

This information is also being uploaded on the Company's Website www.sparkminda.com

This is for your information and record.

Thanking You,

Yours Faithfully

For Minda Corporation Limited

Pardeep Mann
Company Secretary

VISION

To be a dynamic, innovative and profitable global automotive organization for emerging as the preferred supplier and employer, to create value for all stakeholders.

*It includes revenue from JVs also

Schematic Representation of Minda Corporation

Key Products across various Business Verticals

Mechatronics (Business Vertical 1)

Information & Connected Systems (Business vertical 2)

Plastics & Interiors (Business vertical 3)

Aftermarket (Business vertical 4)

Diversified portfolio for Indian & International market !!

LEADERSHIP Team

Ashok Minda
Chairman & GCEO

BUSINESS VERTICALS

Arvind Chandra

CEO, BV I, Vehicle
Access Control System

27 years of Automotive Experience in Europe, US and India (AC Consulting & Investments, Wabco, Faurecia, Delphi, GeneralMotors etc.)

Aakash Minda

ED- Group Finance & Strategy &
CEO BV III -Plastics & Interior

7 years of Global Auto Component Industry experience

Biranchi Mohapatra

CEO, BV II, Information &
Connected System

Over 29 years of experience in Auto Component Industry (Plastic Omnium, Ashok Leyland, Varroc etc.)

Neeraj Sharan

CEO BV IV, Aftermarket

29 years in Auto Industry in India and overseas (Lohia Global, Greaves Cotton, Tractor India etc.)

CORPORATE FUNCTION

D. Suresh

Group CTO

26 Years of Global and domestic experience in R & D of Auto Industry

Neeraj Mahajan

GCMO

30 years in India and overseas with OEMs and Auto Components (JKEKT, Genavco LLC, Toyota Kirloskar, ARB Bearings etc.)

N. K. Modi

ED & President GCEO Office

35 yrs of experience in Auto Comp Industry

Ashim Vohra

Group Chief Manufacturing
Excellence Officer

Over 30 years of experience in Auto Component Industry

Vikas Thapa

GCHRO

29 years of Global HR Leadership experience including UK and US (Ex Indian Army) (Cummins India, Tata Group.)

CUSTOMER Centricity

WHAT DO WE OFFER

Key to sustainable Growth

KEY TO SUSTAINABLE GROWTH

VEHICLE ACCESS Control System

We Differentiate Ourselves

- Preferred supplier where reliability is a key aspect
- Diverse customer base across segments
- Global Technology alliance to stand at par with Customer future needs

Benchmark Manufacturing Practices

- A completely automated robotic paint shop for door handles and locksets

Technology Trends

Major Offerings

Keyless System

ESCL

Conv. Locksets

Latches

Fuel Cap

Door Handles

PARTNERSHIP

Leveraging technology and strength with
US Partner – **VAST**

We Differentiate Ourselves

- Preferred supplier where on-time delivery and reliability is a key aspect
- Diverse customer base across segments
- Field warranty and support

Benchmark Manufacturing Practices

- SMT Capability
- Dust Control by Operations Control

Technology Trends

Major Offerings

TFT Cluster

Elec. Cluster

Wiring Harness

Mech. Clusters

Speed Sensor

Emission Sensor

PARTNERSHIPS

Partnered with leaders like **Stoneridge**, US and **Furukawa**, Japan

WIRING HARNESS Capability Enhancement

We Differentiate Ourselves

- Full System Supplier Capability for Wiring Harness Products in convention vehicles & EV's

State of Art NPD Proto Shop

Automatic Cutting, Crimping, Wire seal Insertion M/C Setup

Ultrasonic Welding M/c for joints

Courtesy : CATIA is trademark of Dassault system, Creo, UGS is trademark of UGS Siemens, AutoCAD is trademark of Autodesk, Capital Harness XC is trademark of Mentor / Siemens

Features

- State-of-the-art NPD proto shop facility for first time right proto manufacturing
- In-house capability to design wiring harness (W/H) using specialized design tools like Capital Harness, CREO, CATIA
- Integrated manufacturing facility and advanced engineering set-up capable of black box design & validation

Benefits

- Reliable W/H manufacturing using navigation system, vision camera and automatic end-of-line testing rig
- Affordable W/H with in-house developed conventional and next-gen connectors & terminals (025, 040srs in development)

PLASTICS & LIGHT Weighting Solution

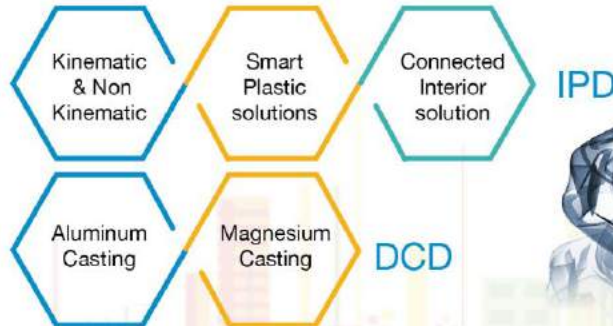

We Differentiate Ourselves

- ⦿ Diverse Segment Offering
- ⦿ Focused capability in engine light weighting solution
- ⦿ Dedicated In house design and development capability

Benchmark Manufacturing Practices

- ⦿ First Mover in engine light weighting Components
- ⦿ A global benchmark plant for Intricate parts for casting products

Technology Trends

Major Offerings

Cylinder Head Cover

Compressor Housing

Centre Console

Engine Mounting Bracket

Battery Tray

Motored Air Vents

FOCUS AREA

Localization: Product development and transformation to suit customer specific needs

ELECTRIC & CONNECTED Mobility Solution

We Differentiate Ourselves

- Establishment of strong advance R&D Centre for electronics initiatives
- A comprehensive portfolio in Electric Mobility Solution
- Expertise in Electronic control units design, Power electronics design & Embedded System Solution

Benchmark Manufacturing Practices

- In-house SMT facility and EMI/EMC facility for product validation

Technology Trends

Major Offerings

Antenna

DC-DC Converter

Battery Charger

Telematics

ITS

MFECU/ BCM

FOCUS AREA

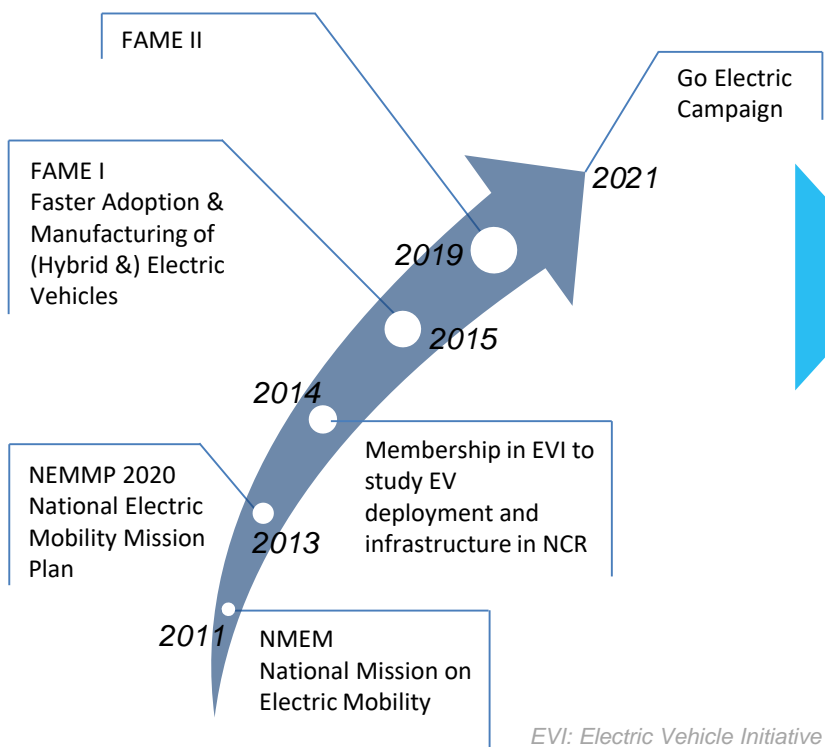

Innovation & Technology
Leadership

Innovation and Focus Areas: Research & Development Capabilities

INDUSTRY Expectations....

Government Initiatives

Potential EV Market in India

Government Support

- 1 Active stimulus and incentives from the government for EV migration
- 2 Long-term well defined policy and regulation for EV adoption
- 3 Standardized charging infrastructure and ports
- 4 Structured approach to reduce dependency on China for EV components

“What the government and industry must do is build a multi-year road map together, with milestones that could help all the players understand shared objectives, build capabilities and infrastructure and minimize any surprises along the way” – *Tata Sons Chairman N Chandrasekaran*

EVI: Electric Vehicle Initiative Source: Frost & Sullivan

HOW HAVE WE Worked Around.....

Engaging in technology tie-ups with global counterparts with strong regulatory support is a potential way forward for local suppliers

Setting Up own R&D Unit for xEV

- ⦿ Suppliers to set up their own R&D in xEV specific components
- ⦿ Requires large investments in terms of money and time

We have already set up our in-house R&D facility for xEV solutions while simultaneously scouting for partners to bring in quality, scalable, cost effective EV solutions

JV's with Global xEV Players

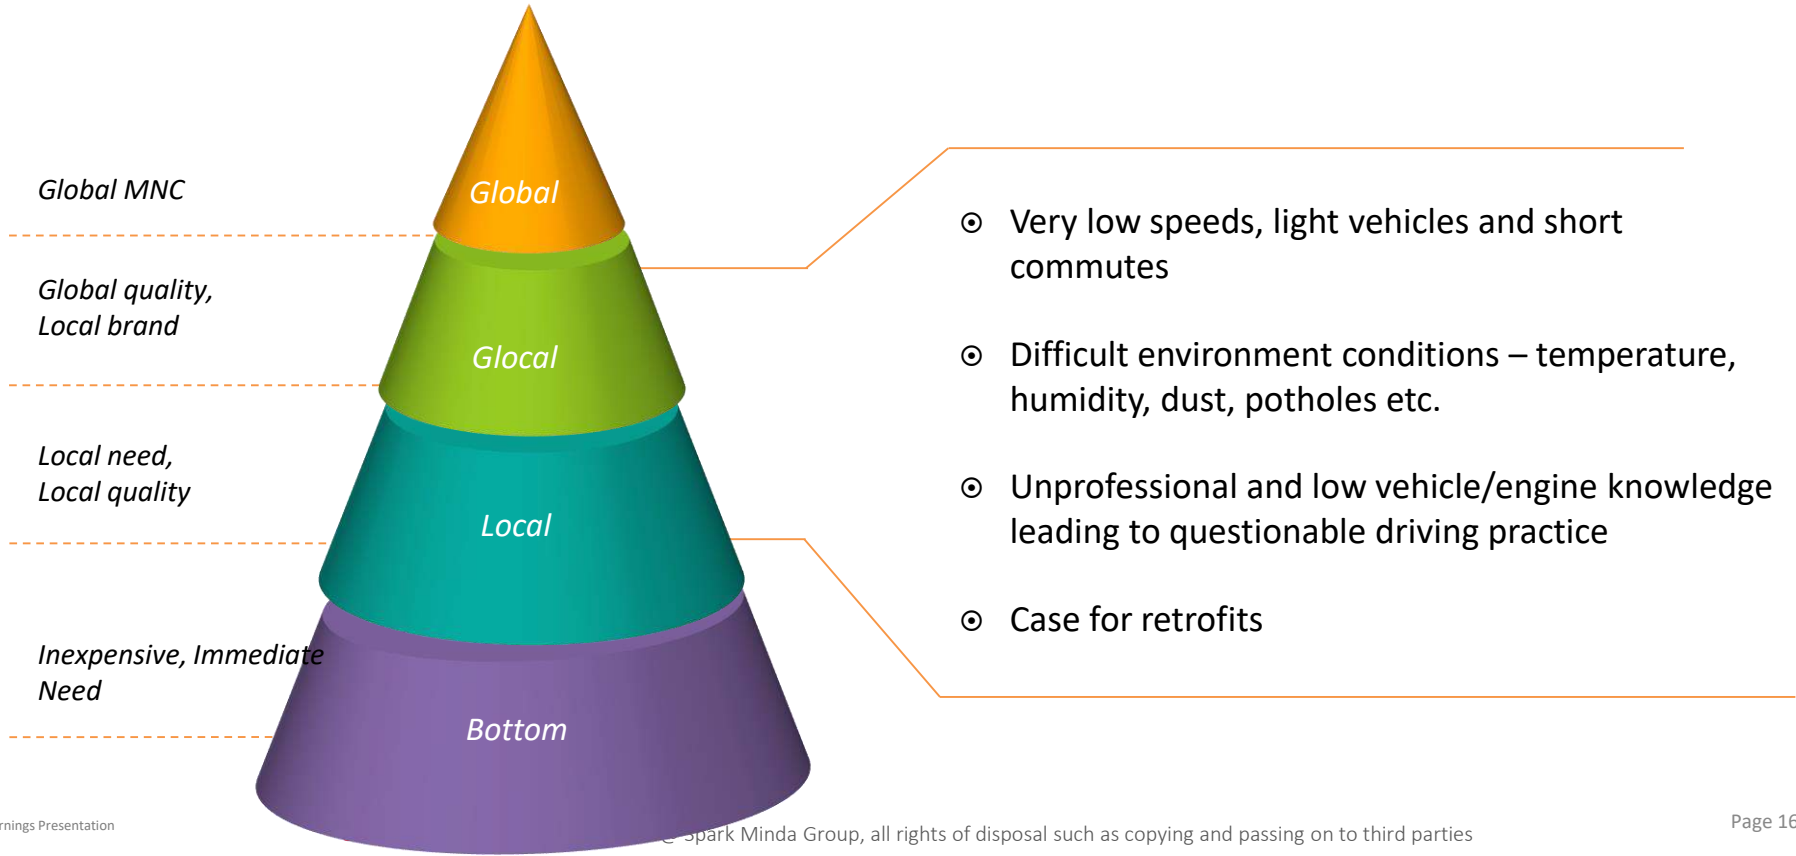

- ⦿ Entering into JV's with global suppliers would give Indian suppliers access to existing technology
- ⦿ Commercialization of technology at the shortest time with the potential to further develop joint IPR ownership in the future.

Technology Licensing

- ⦿ Licensing of existing technology from global suppliers' xEV sub-components to manufacture in India
- ⦿ Further development of licensed technology is often challenging

Bottom-up strategy to create a *Robust, Cost Effective Solution* catering to *Local Need* with *Global Quality*

Range: 60km – 120km

Products ≤ 3 kW

EV Customers

SUCCESSFUL DEVELOPMENT OF INHOUSE Connected Mobility Solutions

Spark Minda has a telematics solution for every E&E architecture of EV

Battery Swap Telematics

For a battery swap EV, tracking the battery, its SOC and discharge profiles is a must have. A built-in telematics function makes it smart battery

Connected Cluster

Connects the vehicle to the cloud through the cluster. All ride parameters are available for big data analysis on the cloud

Connected Vehicle Control Unit (VCU)

Connected Vehicle Control Unit not only monitors the vehicle data but also provides vehicle control options like limp home, vehicle mode set, geofence etc in addition to FOTA features

Telematics Gateway

Track and Trace, Immobilization and find me functions with a simple gateway

SYSTEM SOLUTIONS: End-to-End Product Development

Connected Mobility Solutions

UBSII & IS16833 Certified System In-vehicle Passenger Information System, Voice & Data Connectivity, In Vehicle Video Surveillance System

Intelligent Transport System 2.0

AIS 140 Certified In house end-to-end expertise in technologies related to telematics

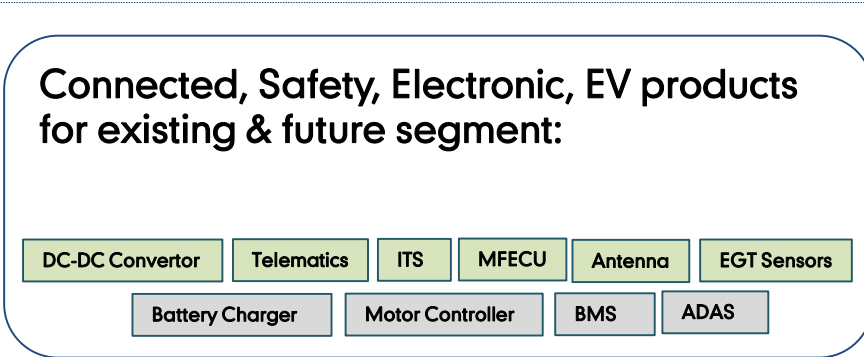

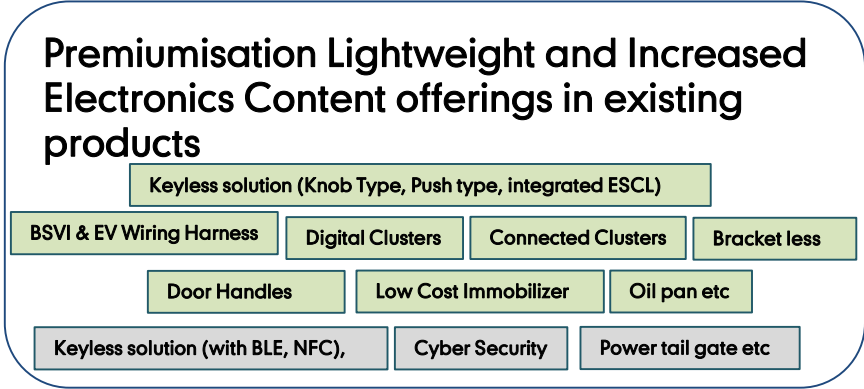

Key Less Entry System Solution

21 IPs are filed (HW, System & Mechanical) in Key Less Entry Systems

Customer Trust on New Technology Product

THE BIG Picture.....

Financials

Consolidated Performance – Q4 & FY21

Commentary – Q4 FY21 vs Q4 FY20

Overall Revenue of Rs. 7,941 million showed growth of 48.0% due to

- Transition from B-IV to BS-VI led by increased wiring harness content in 2W category
- Increase in Aftermarket Sales and Exports

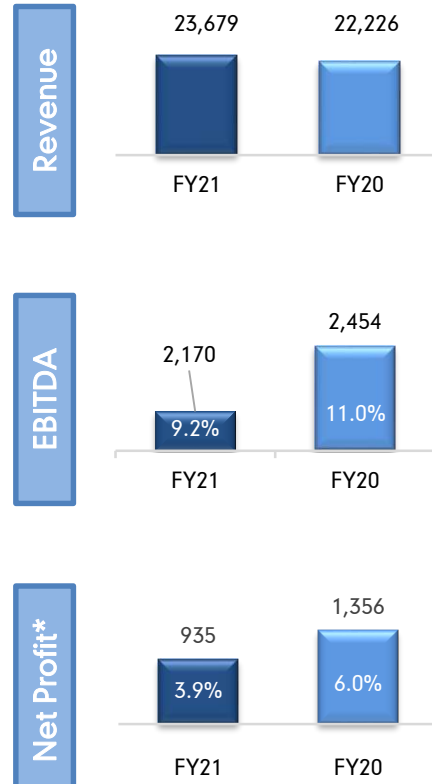

EBITDA margin at 11.2% in Q4 FY21 :-

- Positively by operating leverage and cost control measures like reduction in fixed cost.
- Adversely by lag of raw material indexation, product mix, labor productivity and transition to BS VI

Highest Ever Quarterly Net Profit of Rs. 546 million from continued operations

- Share of profit in JV of Rs. 57.4 million as against profit of Rs.19.9 million

Full Year

Business Verticals Performance – Q4 & FY21

Quarterly

(in Rs. mn)

Mechatronics, Aftermarket and Others

Information & Connected Systems

Commentary – Q4 FY21 vs Q4 FY20

Mechatronics and Aftermarket:

- The growth in revenue better than Industry was supported by higher aftermarket and exports sales
- EBITDA margin at 14.3% due to
 - Favorable impact of higher aftermarket, export sales and various cost cutting measures across the divisions
 - Adversely impacted by RM Indexation

Information & Connected Systems

- The growth in revenue better than Industry was supported by higher content increase in 2W due to BS VI
- EBITDA margin at 7.2% due to
 - Improved QoQ due to improvement in labor productivity, operating leverage, favorable product mix and tight control on fixed cost
 - Opportunity for improvement as it is impacted by lag of RM indexation, BS VI transition cost, labor productivity lower as compare to BS IV

(in Rs. mn)

CSR, ESG and Awards

Sustainability Framework

The Spark Minda Foundation worked on multiple social initiatives to help different aspects of the society during the Year FY21

Shakti Project Launched in collaboration with Indian Vision Foundation and Prison Authorities of Haryana

WOW project launched in Collaboration with HP, BSG and NIIT

Cooked food package were distributed in Khed, Pune and to PWDs in collaboration with CII and District Administration

Blood Donation camp was organised at MCL Pantnagar

Aakarshan (Skill Development Programme started on virtual platform) completed its virtual classes(FY20-21) with 1498 learners

1197 People Covered

Eye check-up camp and menstrual hygiene camp organised in Bagla, Hisar-

539 People Covered

Eye check-up camp was organised in Pantnagar in collaboration with HelpAge India-539 people covered.

113 People Covered

Health check-up camp organised with GCO at Aakarshan, Haryana - 113 people covered .

300 families

Kits distributed to families in Jammu under Sadhbhavana project, which is in collaboration with the Indian Army

Around 20,000

masks are distributed till date.

Our continues effort towards providing worker friendly environment and providing clients with superior quality product with effective cost efficiencies have been recognized and awarded by multiple organization

Worker Friendly

- Awarded '20 Best Companies To Work For In 2020' by CEO Insights
- Minda Corp-Aftermarket division wins 3rd position in ACMA 1st northern regional Best HR Practices Competition
- Spark Minda wins 1st runner up position for ASSOCHAM Diversity & Inclusion Excellence Awards 2020
- SMIT – HR team wins People First HR Excellence Awards 2020

Effective Management

- MSIL awarded 17th National awards for excellence in cost management by ICAI (3rd position)
- Quality circle Award for FY 2019-2020
- Minda Stoneridge receives Q1 Award, highest designation for a Supplier from Ford Motor
- Minda Stoneridge Instrument won numerous awards at QCFI Kaizen Competition

Narrowing Focus & Deepening Capabilities

Enhancing the Core

1. Operational Partnership with PHI Capital
2. Cost leadership position in Operations.
3. Greater focus in Manufacturing Excellence & Sourcing
4. Improving
 - a) Working Capital
 - b) Employee Cost
 - c) Raw Material Cost
5. Strengthening the management team
6. Bring back Wiring Harness division to closer to double digit EBITDA margin.
7. Strengthening the ESG framework in the Company
8. Setting up of a New Division i.e. Electronic Manufacturing Excellence
9. Greater share of business from Export & Aftermarket
10. Right Capital Allocation.

Creating Value

Technology & Digitization

1. Achieve Thought leadership position in Technology
2. TLA with Israel based Ride Vision for 2W ADAS
3. Filling of 15 Patent in FY21 and total patent is 166
4. Incorporation of Spark Minda Green Mobility Company.
5. Enhancing Testing & Validation Capability in Electronics.
6. Focus on Light weight, Safety, Connected, Electronics, EV

Customer Centricity

1. Commercial Production of **new products** like ITS 2.0, DC-DC Convertor, Connected Clusters etc
2. New plant in Gujarat for Interior Plastic Division & Expanding capacity in Mysore & Pune
3. Strengthening KAM structure for customers
4. Focus on Premiumisation, increasing Kit value and Content per vehicle
5. More products per customer, More customers per product
6. Increasing Market Share, Wallet share & Order book

High value, technologically advanced products; global presence with 33 plants

Cost leadership in manufacturing and Thought leadership position in Technology

Offering Advanced Technology products and System Solution in Light weighting, Active Safety, Connected, Electronification, and EV

Technological tie ups with global automotive component manufacturers

Well diversified customer base, product portfolio and business segments

Low leverage providing significant flexibility for organic / inorganic growth

Four-tier Governance Structure to excel in Corporate Governance

Higher Focus on Sustainability by Strengthening the framework of ESG

This presentation contains statements that contain “forward looking statements” including, but without limitation, statements relating to the implementation of strategic initiatives, and other statements relating to Minda Corporation Limited (“Minda Corp” or the Company) future business developments and economic performance.

While these forward looking statements indicate our assessment and future expectations concerning the development of our business, a number of risks, uncertainties and other unknown factors could cause actual developments and results to differ materially from our expectations.

These factors include, but are not limited to, general market, macro-economic, governmental and regulatory trends, movements in currency exchange and interest rates, competitive pressures, technological developments, changes in the financial conditions of third parties dealing with us, legislative developments, and other key factors that could affect our business and financial performance.

Minda Corp undertakes no obligation to publicly revise any forward looking statements to reflect future / likely events or circumstances.
