Delphi – The Innovation Inside Your Vehicle

1. Automated
Driving Features

2. Advanced
Powertrain
Technologies

3. GDi Fuel System

4. Aluminum Cable

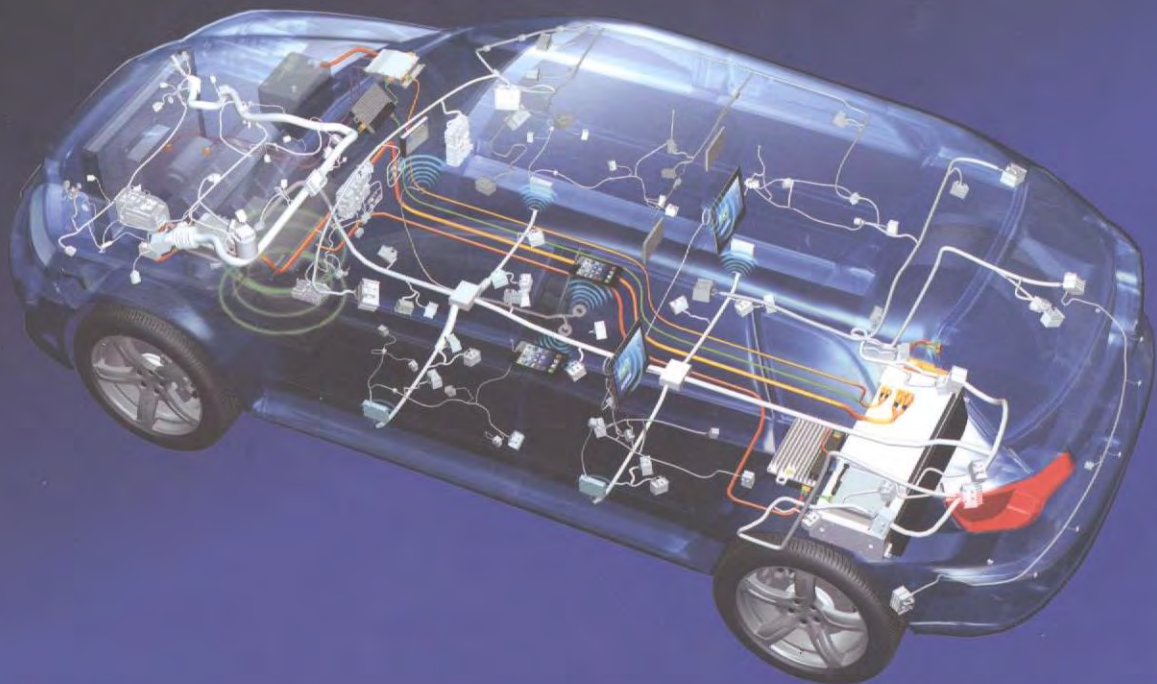

5. Safety Restraint
System
Connectors

6. Condenser
Radiator Fan
Module

7. HEV/EV Power
Systems

8. Electrical
Architecture

The most sophisticated electronic device you own, your vehicle, has more computing power than the Space Shuttle, with up to 50 computers beneath its skin.

DELPHI

services for the automotive sector, hand and mechanical tools, auto electrical, automobile air conditioning systems, safety equipment, transmission and driveline, dies and moulds, testing and pollution control equipment design, engineering and IT for auto sector, tyres and tubes besides engine and engine components.

CONFERENCES

On February 5, 2014 the 1st Edition: National Conference on Graduating to a Design and Engineering Capable Supplier will be held. On February 7, 2014 National Conference on Meeting Challenges of Exports: Product Liability, Warranty and Recall will be held. On the same day another seminar by Consumer Affairs on Safety will also be organised, besides a CTO Round Table. The following day will see a seminar on Packaging Technologies and on 'Nurturing innovation culture in Indian Industry', a technical workshop by experts from Fruhofer Institute will also be held.

CONTESTS

In addition to various conferences, two contests are also on the cards. One is Memories at Auto Expo, an offline contest for sharing one's experiences in the form pictures and Passion for Innovation, in continuation of the theme 'Automotive Technologies that Drive the World'. In an endeavour to engage students, a contest for engineering colleges would need to identify the latest technologies on display from various exhibitors.

VISITOR PROFILE

Visitors from all walks of the industry are expected to attend the show. They include accessories department, assembly line managers, bus

body builders, CEOs and Managing Directors of auto component firms, consultants, corporate buyers, delegation from dealerships and technical institutions, design and division heads, educational institutions, end customers, engineering departments, engineers and technicians, executives, IT/software development, electronic department executives, machining centre and material handling departments, planning and project heads, overseas visitors and buyer delegation, paint shop departments, press and media officials, sourcing and maintenance teams, production and plant heads, purchase departments, quality and inspection departments, relevant ministers, R&D heads from various firms and institutes and organisations; senior officials of PSUs, shop floor managers, state transport authorities, supervisors, taxi and tour operators, vendor development teams and various government department officials.

The Automotive Component Manufacturers Association of India is the apex body, representing the interest of the Indian auto component industry. It organises a drive called, Asli Nakli, bringing in awareness about fake products that are circulating in the aftermarket and the pitfall of using those spurious parts. ACMA's active involvement in trade promotion, technology upgradation, quality enhancement and collection and dissemination of information has made it a vital catalyst for this industry's development. ACMA will have major presence in the form of a stall at the venue. ACMA's other activities include participation in the international trade fairs, sending trade delegations overseas and bringing out publications in various subjects relating to the automotive industry, which will be on display at its stall.

EXHIBITORS

All major auto component

players from all parts of India are taking part at the expo, besides the overseas players. Some of the major names are Amalgamations Group, Amardeep Auto Enterprises, Anand Group, Automotive Valves, ATS Elgi Equipments, Adhunik, Allied Nippon, Amtek Auto, Amul Industries, Behr India, Best Group, Bharat Axles, Bharat Gears, Clutch Auto, Delux Bearings, Denso International India, DynaCorp, Clutch Auto Limited, Eaton Industrial Systems, Endurance Technologies, Escorts Auto Products, Faurecia Emissions Control Technologies India, Federal Mogul Bearings India, Henkel Teroson India, Hi Tech Gears, Hilux Automotive, Iigus India, Imperial Auto Industries, India Nippon Electricals, India Japan Lighting, Jaya Hind Industries, Jayem Auto Industries, Jumps Auto Industries, Lucas-TVS, MK Auto Industries, MM Auto Industries, Magneti Marelli Talbros Chassis Systems, Hanidra Sona, Mahle Filter
