Minda Corporation Ltd, Lock Division, Pune.

Mr Ashok Minda

AK Minda Group Big presence abroad

ASHOK Minda Group is one of the leading manufacturers of automotive components for the OEM's and all the Group facilities are certified

by ISO/TS-16949 & ISO-14001.

The ₹ 2500 crore Group caters to the leading two and four-wheeler vehicle manufacturers in Indian and overseas

markets including Europe, CIS and ASEAN countries, and has a significant presence with 16 plants in India and nine plants overseas including Germany, Poland, Czech Republic, Indonesia, Vietnam and Uzbekistan and a design centre in Japan.

The Group is engaged in manufacturing three major systems. In the first group, core safety, security and restraint system (electronic and mechanical security systems and E bike controllers, immobilisers, door handles, latches, window regulators & door checkers, keys and key duplicating machine, die casting and surface finishing.)

KTSN Plastics Solution, Pirna, Germany.

The second has driver information and telematics system (instrument clusters and sensors, wiring harness,

connectors and terminals, relay box and junction box), while the third has interior system (interior trims and sub-systems, kinematic modules, underbody systems, composites – NVH, structural modules, soft touch technology, apart from several others).

The Group has a fully integrated state-of-the-art in-house designing cell, tool manufacturing, manufacturing engineering and test lab facilities and is actively involved and focused towards corporate social responsibility. Under this initiative, various programmes at societal and business level are undertaken.
